CAREER OBJECTIVE

Motivated and detail-oriented Computer Applications graduate with a strong foundation in web development and programming languages including HTML, CSS, JavaScript, React, Java, and Python. Skilled in building responsive, user-focused applications and eager to apply strong problem-solving and full-stack development skills as an entry-level Software Developer. Committed to continuous learning and contributing to innovative, high-quality software solutions in a collaborative team environment.

TECHNICAL SKILLS

- Languages & Frameworks: HTML, CSS, JavaScript, React, Java, Python
- Database: MySQL

INTERNSHIP / WORK EXPERIENCE

Full Stack Development Intern 6 Months (Ongoing)

- Gaining hands-on experience in full-stack web development, working across frontend and backend technologies.

PROJECTS

Visual Secret Sharing Scheme using Watermarking Techniques

HTML, CSS, PHP, MySQL

- Developed a secure image-sharing system using visual secret sharing and watermarking techniques.
- Built the frontend with HTML/CSS and integrated PHP with MySQL for secure data management.

Hospital Management System HTML, CSS

- Designed a responsive hospital management website with an intuitive user interface.
- Developed pages for patient, doctor, and hospital information management.

Cash Flow Monitoring HTML, CSS, JavaScript

- Developed a web application to monitor income, expenses, and overall cash flow.
- Implemented interactive features using JavaScript for real-time calculations and financial tracking.

ACHIEVEMENTS

- Secured First Rank in class for three consecutive years during Undergraduate (UG) studies.
- Participated in a Paper Presentation at Erode Sengunthar Engineering College, Erode.

AREAS OF INTEREST

Software Development, Web Technologies

LANGUAGES KNOWN

Tamil, English
